SUMMARY

I'm a motivated Computer Engineer with a strong foundation in Programming. Passionate about software engineering and eager to contribute to innovative projects. And I always carry a strong mentality to learn new technology & I am fully committed to continuous professional development and technological agility. Also I love to learn and teach.

WORK EXPERIENCE

CODEALPHA Oct 2026 – Present | Remote
Full Stack Development – *Intern*

-Designing and developing responsive web applications using full-stack technologies include Node.js, Next.js, HTML, JavaScript, and CSS.
-Applying software development concepts through hands-on application and intensive learning modules. Overall, executing allocated technical tasks and project deliverables within the internship period.

INTERNATIONAL ISLAMIC UNIVERSITY CHITTAGONG
Teaching Assistant (TA) 2024 –2026| Chittagong, Bangladesh

Appointed as TA for courses: Object Oriented Programming (C++), Basic Electrical Engineering, Electronics & Neural Network.
- Assisted students to solve code and conceptual problem. Conducted tutorial sessions to clarify complex concepts for students. And evaluated academic assignments and Lab Reports, providing constructive feedback.

EDUCATION

INTERNATIONAL ISLAMIC UNIVERSITY CHITTAGONG Chittagong, Bangladesh
Computer Science and Engineering (CSE), Bachelor of Science (B.Sc)

ISLAMIA UNIVERSITY COLLEGE, *Science, HSC*

SATKANIA MODEL HIGH SCHOOL, *Science, SSC*

SKILLS

Programming Languages: C | C++ | Python | Dart | TypeScript
Frameworks & Web Development : HTML | CSS | Flutter | JavaScript | Next.Js | API Testing | Postman
Tools & Software: Microsoft Office | Graphics Design | Adobe Illustrator | Adobe Photoshop
Problem Solving : Frequent participant in university programming contests.
Core Competencies : Tutoring | Communication | Team Work

PROJECTS

Salat Tracker | Android App - *Solo Developer*
-User will get an effective overlay notification on every wakt as Salat reminder, Goal reminder. User can access Dhikr, Qibla, To-Do list, Last 30 days salat record | Overall a practical productive app

YES TO YOUTH ORGANIZATION Website - *Solo Developer*
- Developed this organization website which includes dedicated pages for Home, Members can Check donation Information, anyone can see programs, the Executive Committee and Contact details. | **Live Link** https://yestoyouth.vercel.app/

Precision Agriculture Drone Project- *Lead Developer*
-Designed and built an AI-Powered agricultural drone featuring predictive analysis for targeted Fertilizer application. Applied computer vision techniques to extract crop health-related information from aerial image data. Short Description

Tap Music | Android App - *Solo Developer*
- A modern offline music player built with Flutter (Dart), featuring on-device mp3/m4a playback, a custom animated vinyl-record UI, background audio with system notification controls, and full playlist/favorites management.

Bank Management System using C++
- A console based complete bank management system. Features are Create Account, Login (Admin | Customer), Money transfer, Check Amount, withdraw money, Add money | OOP Integration | Source Code & Demo Video

RESEARCH

An Optimized Hybrid Deep Learning Architecture for Histopathological Image Classification.
-Designed an efficient medical image classification pipeline on the PathMNIST dataset using CLIP vision embeddings. Fine-tuned deep learning architectures to balance high classification accuracy with low compute and memory requirements.

COMPETITIONS

Competitive Programming
- Participant – The 2023 & 2025 ICPC Asia Dhaka Regional
- Intra University Programming Contest
  CF Handle: https://codeforces.com/profile/LogicForge

Others
- Participant – IDEA GENERATION competition in CSE FEST 2022 | IIUC
- **'Project Showcasing'** of National Innovation Competition 2024 - Technocrats V.2 held at IUBAT

CONTENT CREATION

Digital Content Creator | Solve With Tanvir (YouTube)
- Producing comprehensive educational and HSC academic video content.
  Link: https://www.youtube.com/@SolvewithTanvir

VOLUNTEERING

National STEAM Olympiad, 2023 (Former) 2023
-Completed participants registration and campaign events based task. And assisted all participants.

Youth's Voice, 2022 (Former) 2022
-Supported the execution of charity events and community programs.

CLUB & ORGANIZATION

IEEE Robotics & Automation Society IIUC Student Branch Chapter 07/2025 – 09/2026
Programme Co-ordinator

Yes to Youth Social Organization
IT & Press Secretary 03/2024 – Present
-Developed and currently manage the organization's official website independently. Additionally, Maintain, update, troubleshoot, and continuously improve the website based on organizational requirements.

LANGUAGES

English (Intermediate) | **Bengali** (Native)

CERTIFICATION

'Project Showcasing' of National Innovation Competition 2024 | ICISET 2024 Conference Workshop | CyberQuest 101

INTERNSHIP (Non-Technical)

Youth School for Social Entrepreneurs (YSSE), *Communication Department (Former)*
Gained 1 month of experience in communication strategies and team collaboration.

CONFERENCE, SEMINAR & WORKSHOP

International Conference on Innovations in Science, Engineering and Technology (ICISET)
2024 | IIUC
-Participant
Seminar on "Next Big Opportunity in Information Technology Industry"
2024 | IIUC
-Participant
Workshop : CyberQuest 101
2025 | IIUC
Completed workshop on "CyberQuest 101: From Curiosity to Exploit."
